

## Postdoc Appreciation Week Symposium Call for Abstracts

The Organization of Postdoctoral Scientists and the Office of Postdoctoral Affairs issue a call for abstracts for a poster session to be held on Thursday, September 22, 2011, from 2-4 pm. This event is being held as part of National Postdoc Appreciation Week, September 19-23, 2011.

All postdoctoral scholars on campus are encouraged to submit an abstract. Please limit your abstract to 1700 characters, and submit by Friday, September 9, 2011 (submission instructions on the form). Presenters will have their abstracts published in the Meeting Proceedings, available online and at the Symposium.

The posters must be put up on the poster boards in the Levin Hall Dining Room between 12 pm and 2 pm on September 22. Poster presenters are asked to be at their posters for judging from 2 pm – 4 pm. Winners will be announced at 4:30 pm. Each postdoc presenter will receive a certificate of participation and will be eligible for cash prizes. The goal of this poster session during Postdoc Appreciation Week is to allow the UTMB community to recognize the important contributions of postdoctoral research.

Stay tuned to your e-mail for more details on this and other activities during Postdoc Appreciation Week and follow us on [Facebook](#).
